

SocialSync is a platform for organizations working for positive social change. We provide tools to establish your web-identity, showcase your initiatives and connect with the community at SocialSync. We aim to enable sustainable organizations through online fund raising, donations and resource networking.

Why you need a website?

- One website can reach billions of users
- Inspire people to join you by sharing your mission and vision
- Spread awareness for the causes you support
- Start a dialogue with people and organizations interested in partnering with you
- Keep your supporters up to date with news and events
- Facilitate donations in money and in-kind from interested donors

How we can help you?

- Create a professional looking website
- Help you promote and draw value from it
- Tools to keep your website updated by the click of a button. No technical expertise needed
- Build a community of active like minded users and organizations around your web presence
- Feature rich website to integrate seamlessly with other popular services like YouTube, Orkut and Facebook

ABOUT US

We SocialSync is a social venture geared to effect positive change with your help. In our pilot phase we already have organizations from Mumbai, Ahmedabad, Delhi and Pune successfully using our platform.

FEATURED ORGANIZATIONS

BalKalyan Sanstha, Pune

BalKalyan Sanstha already had a good website but wanted more control over how it is managed and updated. At the same time they wanted to include interactive features like blog, news and events system and comments which their earlier website lacked.

Plan: Web Advanced

Website: www.balkalyan.org

Arzoo, Ahemadabad

Arzoo wanted to have a professional looking website for themselves. This was their first step online and so were interested in an offering which would get the job done but at the same time offer them future flexibility.

Plan: Web Essential

Website: arzoo.socialsync.org

Saher, Mumbai

Saher wanted to have a strong web identity for themselves along-with features that allow users to interact with them through their website. They also wanted to make maximum use of the web and so also opted for a domain, email and associated services.

Plan: Web Enabled, Web Essential

Website: www.saherindia.org
